

Lessons from Genesis 1

1) Things about God's nature

- God is powerful
- God is self existent
- God is self sufficient
- God has a triune nature

2) God created the heavens and the earth

- Ps 89:11-12, Col 1:16, Rev 4:11
- Everything God created was good - He did not create evil. Free will = potential for evil

3) Without God, life has no meaning, purpose, or value. It is empty without God.

- We are created in the image of God (our eternal soul) and have intrinsic value
- Everything God created He called good, after creating humans God declared "very good"

God looks at us and says, "very good," He deems man so valuable He gave His son to bring man back into relationship with Him.
